This is a TOY

This is a **COMMITMENT**

Did you know:

- Rabbits are not suitable pets for young children.
- Most rabbits don't like being held and are easily injured if dropped.
- The average lifespan of a rabbit is 7–10 years.
- It is important to spay or neuter a rabbit, and provide veterinary care.
- Rabbits should be housed indoors and provided with a safe exercise space.

BEFORE YOU GET A RABBIT, GET THE FACTS.

For more information on rabbit care, get our *Bunny Basics* article, an introductory guide to rabbit care and behavior.

Visit our website at *rabbitnetwork.org* or call our Hotline at *781-431-1211*.
