Will you still love me...tomorrow?

*I*n just a few short weeks, your adorable baby bunny will more than double in size, outgrow that expensive cage you bought, and begin acting like a love-crazed, strong, willful and very messy teenager!

*A*re you ready to love and enjoy him or her anyway for 9–12 or more years?

*C*an you afford the time to care for your bunny, the space to house him or her, and the money to provide specialized veterinary care?

*I*f that sounds right for your family, then *adopt, don't buy!* The **House Rabbit Network** has many wonderful rabbits, all spayed or neutered, litter box trained and looking for loving forever homes! Call our hotline at **781-431-1211** or look for us online at **www.rabbitnetwork.org**!
